

SuperOne PDF preview

Page 1 of 3

Rendered offline by pdf.js in the file preview page.

Pinch to zoom; pages render as they scroll into view.

Token refresh

Page 2 of 3

1. The app wakes from sleep.
2. The refresh request races the first API call.
3. The stale token wins and the user is signed out.

Fix

Page 3 of 3

Serialize refreshes behind one promise and retry the first call once the new token lands.
